We meet Rena as a young, spoiled and self-centered teen. It takes a little while for her to begin looking beyond her own life circumstances and seeing how others have struggled in life. Her job brings about a friendship with a former slave, Frankie, and the reader begins to see an amazing transformation in Rena. Frankie's story is absolutely heartbreaking, yet so powerful. This book has left me thinking, and is a great read. It is a work of fiction, but based on real history and would be a good read for Black History Month.
